For immediate release

BikeMine to become the exclusive U.S. distributor of Limar Helmets.

Oklahoma City, OK - BikeMine and Limar Helmets are proud to announced their new distribution relationship. Beginning August 1st, BikeMine will be the exclusive U.S. distributor for Limar Helmets, with the 2005 product line scheduled to arrive mid-September.

The Limar product line includes a wide variety of models and sizes. Limar manufactures top quality helmets for all types of riding and skill levels, from kids to professionals. Limar helmets are designed to be safe, comfortable and stylish, no matter what type of riding you do: Road, Mountain, or BMX. Some (but not all) of the Limar sponsored teams include Navigator, Subaru/Gary Fisher (USA), and Team T-Mobile (USA) among others.

BikeMine is excited about adding Limar to their existing product lines of Vittoria, Geax and Continental tires; Echowell cycle computers; Fizik, Lookin and Selle Royal seats; and Master Lock security devices. "Limar's range of high quality helmets will be a perfect addition to our current selection of outstanding products" says Rick Dyer, National Sales Manager.
